Water Main Replacement Group Job 3008: E-Newsletter #18 | Nov. 23, 2009

This is the 18th e-newsletter for Water Main Replacement Group Job 3008. The e-newsletter will be distributed bi-weekly for the remainder of the project to keep the community informed about construction progress. The next e-newsletter will be distributed the week of December 7, 2009.

Project Description

The water main replacement work for Group Job 3008 is well underway. Group Job 3008 consists of two sections - Group Job 532 and 533. Construction crews are now replacing the existing cast-iron mains that are nearly 60-years old and are at the end of their service life.

The project will:

- replace 17,979 feet of 16" cast iron water mains
- improve service reliability
- minimize future water main breaks caused by aging pipes
- increase the size of existing pipes to better serve the area

Total project cost is \$5,777,000.

Contact Information:

General FAQs:

www.sandiego.gov/engineering-cip

Construction crews install 16" diameter pipe along N. Harbor Drive.

Upcoming Construction Activities

During the weeks of Nov. 23 & Nov. 30, construction will occur in both Group Job areas. (See map.)

Group Job 532:

Traffic Control/Work Hours for Group Job 532:

Nov. 25 through Jan. 1 construction activity will be limited due to the holiday moratorium.

Day Work

- Continue installation of 16" diameter pipe at the intersection of N. Harbor Drive and Pacific Highway.

Night Work

- Place trench cap along N. Harbor Drive beginning at Ash Street going north to Grape Street.

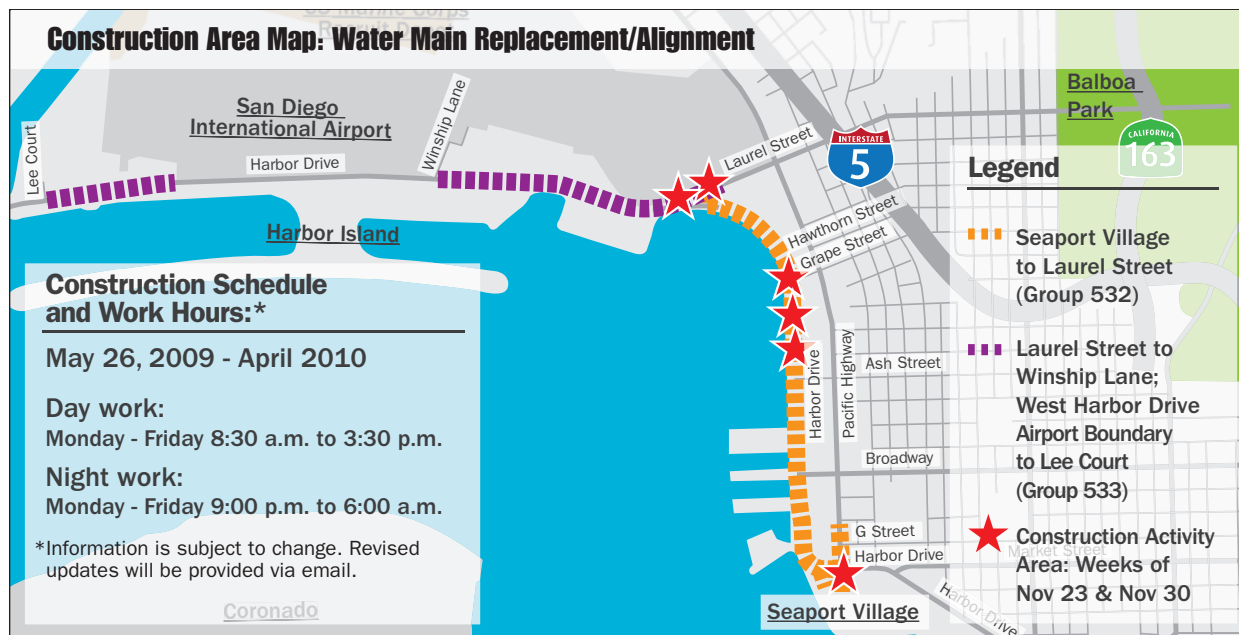

Group Job 533:

Traffic Control/Work Hours for Group Job 533:

Thanksgiving week, construction activity will end by 4 a.m. The bulk of work at the Harbor Drive/Laurel Street triangle will be from 12 a.m. to 3 a.m.

Night Work

- Continue installation of 16" diameter pipe at Laurel Street going west on N. Harbor Drive.

"Working together to engineer a better tomorrow."
